[COPY OF CERTIFICATE]

THE COMMONWEALTH OF PENNSYLVANIA

DEPARTMENT OF AGRICULTURE

Certificate of Inspection of Nursery Stock No. 142.

This is to certify that the stock in the nursery of THOMAS MEEHAN & SONS, Inc., of Dreshertown, County of Montgomery, State of Pennsylvania, was duly examined in compliance with the provisions of the Act of Legislature of Pennsylvania, approved the 10th day of June, A. D., 1901, and it was found to be apparently free from San Jose Scale and other dangerously injurious insect pest or pests.

This Certificate expires July 31, 1903.
Dated Harrisburg, Pa., August 7, 1902.

GEO. C. BUTZ, Inspector.

John Hamilton,

Secretary of Agriculture.

Special Notice

Our nurseries have been carefully inspected and no trace of scale or other injurious insects found. For the benefit of customers, however, who wish stock fumigated, we have erected a fumigating house, and when requested to do so will fumigate shipments before packing.

This will be done, however, entirely at the risk of purchaser.

Long Distance Telephone, 26 Ft. Washington, Pa.
Telegraph Office, Ambler, Pa.
Adams Express, Dreshertown, Montg. Co., Pa.

This Catalogue takes the place of all previous issues

Important! Please Read!

CUSTOMERS are requested to state the mode of conveyance by which they desire their trees forwarded. When no route is named we forward to the best of our judgment; but in no case do we assume any responsibility after the goods are shipped, unless for our own mistakes.

TERMS CASH, on or before delivery to express or railroad agents, unless by special arrangement.

TWO HUNDRED AND FIFTY, twenty-five and five will be furnished at the thousand, hundred and ten rates respectively.

PACKING CHARGED EXTRA, but only sufficient to cover cost of time and material.

Post-Office Orders payable at Dreshertown, Montgomery Co., Pa.

OUR DESCRIPTIVE CATALOGUE is complete and will be sent to all applicants.

VISITORS are always welcome and should take train at the Reading Terminal, 12th and Market Streets, Philadelphia, for **Camp Hill Station**, or at Broad Street Station, Pennsylvania R. R., for **Fort Hill Station**. Be sure that the train you take stops at these stations. **NOTICE.**—It is necessary that you should **Telephone** us (26 Fort Washington) in advance of your coming, so that we can send a carriage to the station for you. Our office is $2\frac{1}{2}$ miles from either station.

Notice of Incorporation

On July 1st, 1902, the firm of Thomas Meehan & Sons was incorporated under the laws of the State of Pennsylvania, consolidating with it the wholesale business of Meehan Brothers, situated at Dreshertown, Montgomery County, Pa. This combination increased the size of the nurseries to about three hundred acres, making probably one of the largest nurseries of strictly ornamental trees, shrubs and hardy plants in the United States. To facilitate the carrying on of this extensive business, an office was opened at Dreshertown for the transaction of the wholesale department of the firm—the stock grown at this place also being used entirely for wholesale purposes. The Germantown office and nurseries will be confined entirely for the carrying on and growing of stock for retail purposes only.

This consolidation of the two firms and the division of the wholesale and retail department of the business will enable both branches to conduct their respective departments more satisfactorily, and to handle the business and ship stock more quickly than has heretofore been the case.

Though the business has been incorporated, the ownership and management remains wholly in the hands of the former members of the firm.

DECIDUOUS TREES.

"Trans." signifies the stock has been once or more transplanted.

"Seed." that it is still in Seedling Beds.

		Per 10	Per 100	Per 1000
Acer	campestre, English Cork Maple, heavy, 4 to 5 ft. trans.	\$3 50	\$30 00	
"	colchicum rubrum 6 to 7 ft. trans.	3 50		
"	dasy carpum, Silver Maple, 1 to 2 ft. seed.	35	75	\$ 4 00
"	" 4 to 5 ft. trans.	1 25	9 00	
"	" 5 to 6 ft. trans.	1 50	10 00	
"	" 6 to 7 ft. trans.	1 75	12 00	
"	" 7 to 8 ft. trans.	2 00	15 00	
"	" 12 to 14 ft. trans.	4 00	35 00	
"	" 15 to 18 ft. trans.	35 00		

These 15 to 18 feet trees are extra selected specimens, transplanted three years ago and planted wide apart, enabling the heads to develop into large shapely tops. They have perfectly straight stems and have an abundance of strong, fibrous roots. They are particularly desirable for use where a selected, transplanted and well developed tree is required for immediate effect.

"	Wierii, Wier's Cut-leaved Maple, 7 to 8 ft. trans.	3 50	30 00	
"	" 8 to 10 ft. trans.	4 00	35 00	
"	" 10 to 12 ft. trans.	6 00	50 00	
"	" 12 ft. trans.	15 00		

Our 12 feet Wier's Cut-leaved Maple are very fine specimens, with straight leaders and low-branched. They were transplanted three years ago and set wide apart in the nursery rows, and have not been crowded.

"	negundo, Ash-leaved Maple. Box Elder, 1 to 2 ft. seed.	25	50	3 00
"	" 6 to 7 ft. trans.	1 50	10 00	90 00
"	" 7 to 8 ft. trans.	2 00	12 00	100 00
"	" 9 to 10 ft. trans.	2 50	15 00	120 00
"	" 1½ in. diam. 10 to 12 ft. trans.	3 00	17 50	
"	" 1½ to 1¾ in. diam. 12 to 14 ft. trans.	3 50	25 00	
"	" 2 to 2¼ in. diam. 12 to 14 ft. trans.	4 00	30 00	
"	platanoides, Norway Maple, 3 to 4 ft. trans.	1 25	10 00	90 00
"	" 4 to 5 ft. trans.	1 75	15 00	125 00
"	" 6 to 7 ft. trans.	2 00	18 00	150 00
"	" 7 to 8 ft. trans.	2 50	20 00	
"	" 9 to 10 ft. trans.	3 00	25 00	
"	" 2 to 2¼ in. diam. 10 to 12 ft. trans.	5 00	40 00	
"	" 2½ to 2¾ in. diam. 12 ft. trans.	8 50	75 00	
"	" 2¾ to 3 in. diam. 12 to 14 ft. trans.	30 00		

The 12 to 14 feet, 2¼ to 3 inch trees are specimen plants, transplanted three years ago, which have been set out in wide nursery rows to enable the heads to have ample room to fully develop, without crowding. The trees have perfectly straight trunks, and are heavily rooted. They are especially desirable where specimen trees of good size are needed for immediate effect.

"	pseudo-platanus, Sycamore Maple, 6 in. seed.	35	75	
"	" 2 to 3 ft. trans.	1 25	10 00	80 00
"	" 8 to 9 ft. trans.	2 50		
"	" 10 to 11 ft. trans.	3 50		

AVENUE OF SUGAR MAPLES, PLANTED ABOUT 10 YEARS
THEY ARE NOW ABOUT 25 FEET HIGH AND THE TRUNKS ARE ABOUT 6 INCHES IN DIAMETER

		Per 10	Per 100	Per 1000
Acer rubrum, Red Maple,	10 to 12 in. seed.	\$ 35	\$ 1 25	\$10 00
" " " "	6 to 7 ft. trans.	3 00	25 00	
" " " "	7 to 8 ft. trans.	3 50		
" " " "	9 to 10 ft. trans.	4 00		
" Schwedleri, Purple-leaved Norway,	4 to 5 ft. trans.	3 00	25 00	
" " " "	5 to 6 ft. trans.	3 50	30 00	
" " " "	7 to 8 ft. trans.	4 00	35 00	
" saccharinum, Sugar Maple,	6 in. seed.	35	75	6 00
" " " "	7 to 8 ft. trans.	2 00	15 00	
" " " "	9 to 10 ft. trans.	2 50	20 00	
" " " "	10 to 12 ft. trans.	3 00	25 00	200 00
" " " " 1¼ to 1½ in. diam.	12 to 14 ft. trans.	3 50	30 00	250 00
" " " " 1½ to 1¾ in. diam.	12 to 14 ft. trans.	4 00	35 00	300 00
" " " " 1¾ to 2 in. diam.	12 to 14 ft. trans.	8 50	75 00	600 00
" nigrum, Black Sugar Maple,	6 to 7 ft. trans.	1 75		
" " " "	8 to 9 ft. trans.	2 00		
" " " "	10 to 12 ft. trans.	2 75		

☞ The leaves of the Black Sugar Maple are heavier and of darker color than the other form, and being of tougher texture are not attacked by insects.

" spicatum, Mountain Maple,	2 to 3 ft. trans.	2 00	18 00	
" " " "	5 to 6 ft. trans.	4 00		
" Tataricum Ginnale	5 to 6 in. seed.	35	2 00	
" " " "	2 to 2½ ft. trans.	1 50	12 00	
" " " "	2½ to 3 ft. trans.	2 50	20 00	

☞ The Ginnale Maple is remarkable for the brilliant coloring of its leaves in the fall. It is not a large-growing tree, but rather a good-sized bush.

JAPANESE MAPLES.

☞ It will be observed that nearly all of our Japanese Maples are pot-grown. This makes transplanting almost certain of success. Our plants are all home-grown and are much more hardy and healthy than the weak, imported stock.

Acer Japonicum aureum, Golden-leaved,	18 to 24 in. from pots	\$15 00		
" polymorphum, Green-leaved,	18 to 24 in. from pots	10 00

"	"	2¼ to 2½ in. 12 to 15 ft. trans.	30 00	

The 12 to 15 feet Planes are specimen trees, originally selected from our young blocks, and set out in wide nursery rows to allow them ample room to develop. They are extra fine, shapely specimens, and where such a tree is required for an immediate effect, in a prominent position, these trees will be found to be exactly what is required.

" " flexilis (scarlet fruit),	4 to 6 ft. trans.	2 50	20 00	
" " Toringo (yellow fruit),	4 ft. trans.	2 50	20 00	

Particular attention should be given by planters to the different varieties of *Pyrus Malus*, such as *flexilis* and *Toringo*. These sorts produce masses of small apples not much larger than a small cherry, and their effect either in mass planting or as individual specimens is very attractive. The *coronaria* is the sweet-scented crab, which is now largely used in landscape planting.

"	Pontica, Ghent, assorted colors,	1 to 1½ ft.	4 00	35 00
"	" " " " "	2 to 2½ ft. heavy	12 50	

☞ We direct particular attention to this offer of **Azalea Ghent** and **Mollis**. These plants were selected by our representative in Europe last summer, and the plants are unequalled for the sizes offered. They are well set with flower buds and are good, heavy, bushy plants in every respect. As we imported a very large quantity we were able to secure them on very favorable terms. The prices we have quoted being much lower than we have ever before offered them.

The specimen plants are very heavy and bushy. They have been planted far apart in the nursery rows, and every care exercised to make fine selected and bushy specimens that will create an immediate effect when planted in permanent positions. For use in landscape work, where individual specimens are required, these plants will be found very effective.

" parvifolius, Silver Thorn, heavy,	5 to 6 ft. trans.	1 50	12 00	100 00

The *Eleagnus parvifolius* is one of the few really good and useful shrubs that have been slighted by planters. It is of strong habit, rather dense growth, and is quite hardy. The foliage on the upper surface is of light-green color, but on the underside it is silvery. It produces enormous quantities of red berries speckled with silver. It makes an excellent hedge plant.

CALIFORNIA PRIVET (*Ligustrum ovalifolium*).

FOR PRICES, SEE BOTTOM OF PAGE 17.

We call particular attention to our large blocks of California Privet, probably none larger in the United States, as we make a specialty of this plant. Our 1 to 2 ft. one year plants will have one and two stems per plant. The 2 to 2½ ft. stock will have three to five stems per plant, and are all well rooted. The 2½ to 3 ft. plants are still bushier and more heavily rooted. Of the 3 to 4 ft. grade we have only a limited supply.

Where the California Privet is not hardy we recommend Ibota, of which we also have a large stock. Nurserymen buy California Privet from us very heavily, and we guarantee our plants to be exactly as represented.

EVERGREENS.

All of our evergreens have been once or more transplanted, the larger sizes several times, and the choice varieties we move every period not exceeding two years. These choice varieties are all dug with a ball of earth and the ball sewed in a mat. This makes transplanting almost an assured success.

"	"	2 year, seed.	35	1 50	6 00
"	"	3 year, trans.	75	5 00	
"	"	4 year, trans.	1 00	8 00	70 00

VINES AND CLIMBERS.

Special attention is called to the Vines offered from pots. These were potted up early last spring and have been carefully grown and trained to stakes. They are taken out of the pot before shipping, and placed in a paper flower-pot; this, while preserving the ball, reduces the weight. These vines will be found much more satisfactory to use than those from the open ground; and far better and quicker results are obtained.

THE BEST NURSERY SPADE.

D Handle, Double Strap, Reinforced Nursery Spade. Weight, 9¼ lbs.

We have experimented with a number of different makes of nursery spades, but find this to be the strongest, best and most durable on the market. We have been using this spade for a number of years and it will stand more hard work than any other make. It is strapped full length of handle both back and front, and half way up it has double straps, strengthening it in what otherwise would be its weakest parts.

Price, \$1.75 each; \$20.00 per dozen.

TREE LABELS. Painted and Wired.

Discount 10 per cent. for a lot of ten thousand ordered and shipped at one time. The 3½ inch are sold in packages of one thousand in a package. The 6 inch are in packages of one hundred. No less than a full package sold.

3½ inch, notched, iron wired, painted.....	\$1.00 per 1000
3½ " " copper wired, painted.....	1.25 "
6 " " painted, but not wired	2.25 "
6 " " not painted or wired	1.60 "

PRUNING SHEARS, BUDDING AND PRUNING KNIVES

The shears and knives offered are the celebrated "Maher & Grosh" make, which is sufficient guarantee of their excellence. No better knives are made. All blades are guaranteed "razor steel" and have been thoroughly tested.

Bear in mind our prices are for the goods POST PAID at your risk. If you wish them by registered mail add eight cents to your order.

—Prices Include Postage.—

PRUNING KNIFE "A," 75 cents each; 6 for \$3.75

This is the best light weight pruning knife on the market and is suited to all general work. Ebony handle.

PRUNING KNIFE "B," 85 cents each; 6 for \$4.75

Round handle, steel cap on end. Strong blade. Made for nurserymen who want a strong tool and keen edge. Blade oil tempered. The strongest pruning knife made.

BUDDING KNIFE "C," 25 cents each; 6 for \$1.30

Stationary blade. High temper, equal to any razor.

BUDDING KNIFE "D," 35 cents each; 6 for \$2.00

Cocoa handle, razor steel. Blade closes. The end of the handle is tapered to form a wedge for raising the bark.

PRUNING SHEARS "E," 75 cents each; 6 for \$3.90

These are A No. 1 in quality and are the kind in general use.

PRUNING SHEARS "F," \$1.00 each; 6 for \$5.75

This is a forged steel pruner, patent spring of wonderfully easy but powerful working capacity. There is not a stronger or better pruning shear on the market. It will out wear two of any other style. The best is the cheapest in the end.

RAFFIA

We are recognized as headquarters for Raffia. We are direct importers. New stock ready for delivery May 1st, but if necessary we can ship at once from stock now on hand. **Best quality. Long strands. Good color and strength.**

2 bales at 8 $\frac{3}{4}$ cents per lb.; 1 bale (about 225 lbs.), at 9 cents per lb.; 100-lb. bale at 10 cents per lb.; 50-lb. bale at 11 cents per lb.; 25 lbs. at 12 cents per lb.; 1 lb. at 15 cents per lb., or postpaid for 30 cents per lb.
